

# MARICOPA HWY LANE REDUCTION

**JOIN [www.SAVE-MH.com](http://www.SAVE-MH.com)**

**ALERT!**

**Demonstration of Lane Reduction  
Coming November 9th**

**A **PANDEMIC** is not a good time to run a demonstration which eliminates traffic lanes on Maricopa Hwy because:**

- ➔ **Nordhoff High School is not on campus**
- ➔ **Traffic to stores and medical offices is low due to pandemic restrictions**
- ➔ **New housing on El Roblar is not yet occupied**

**Who thought this was a good idea?**

# **WHAT IS THIS MARICOPA HWY LANE REDUCTION?**

**Ojai City Council is using a Cal. “ATP” grant to take away two traffic lanes on Maricopa Hwy replacing them with trees and parked cars. Along the edge will be a bike lane.**

**Ojai’s plan misses the mark on safety because these funds should be spent on Ojai Ave. where essentially all accidents occur.**

**Plus, this Ojai City Council plan costs more than the ATP grant forcing Ojai taxpayers to pay the excess which may cost \$500,000 to \$1 million.**

**SaveMaricopaHwy.com has a better plan:**

- 1. No Maricopa Hwy lane reduction.**
- 2. Install a safe and affordable Maricopa Hwy bike lane with reflective barriers.**
- 3. Spend money on Ojai Ave. where it’s needed for safety.**
- 4. Don’t spend any Ojai taxpayer money on this Maricopa Hwy lane reduction.**
